

2025 PARTNERSHIP PROGRAM

The Natural Gas Association of Georgia's Partnership Program offers industry members a chance to support NGA's mission and purpose consistently, replacing urgent appeals for help during critical times. Your participation allows for financial planning support year after year, ensuring a steady source of revenue that complements the association's funding from membership dues, which covers only about 50% of our needs. These additional donor gifts are crucial for the success of our educational, legislative, and marketing efforts.

The 2025 Natural Gas Association of Georgia's Partnership Program offers the opportunity to allocate your contribution to specific areas within the association. Below are the various areas where your support can make an impact. We recommend scheduling a meeting with us to discuss how you'd like to support NGA this year. We are happy to customize these plans to align with your top priorities within NGA.

PARTNERSHIP LEVELS

- Founder \$20,000+
- Sustainer \$15,000
- Champion \$10,000
- Patron \$5,000

We thank you for your partnership with the Natural Gas Association of Georgia. We will reach out to you once we receive this form to see how you would like to allocate your Partnership dollars.
